## Aircraft Soar Over Victims With Cargo of Destruction—Many Burned to Death—Hapless Children Crowd Hospitals

LONDON, Aug. 28.—An Exchange Telegraph news agency dispatch today said blockading Japanese vessels had stopped the British steamship *Shanghai* off Wootung, 17 miles from the Chinese coast. Foreign office, however, had no word of the reported incident. The Admiralty, likewise, had no confirmation.

TOKYO, Aug. 28.—(Domesi Japanese) News Agency reported from Shanghai today that the Chinese government has concluded a non-aggression treaty with the Soviet Union. The treaty was said to stipulate that each would refrain from giving any assistance to a third power committing aggression against either of the contracting parties.

SHANGHAI, Aug. 28.—Death and fire from the sky today spread terror through the narrow, winding streets of sweltering Nantao, Shanghai's oldest Chinese quarter with its teeming thousands. More than 600 Chinese died or fell injured under the relentless attack of 16 Japanese air bombers. Many burned to death in fires that spread quickly through the city.

## ADVISORY BODY SURGED BY LABOR CHIEF

### Council From U.F.A. and Tories for Sound Business Government, Plan

MEDICINE HAT, Aug. 28.—Formation of a provincial advisory council, comprising representatives of business, labor, farmers, and the Liberal, Conservative, and United Farmers of Alberta parties, is being effected at Medicine Hat. The council is being formed to advise the government on business and labor matters.

The men who will form the nucleus of the council will be: J. H. Macdonald, farmer; Paul Farnham, laborer; and Charles W. Fredericks, merchant.

The council will be entirely of an advisory nature, said the labor leader, and will have no active part in the political field.

One of the members appointed to the council is J. H. Macdonald, farmer, who is also a member of the Liberal party.

Under the "unity plan" announced by Mr. Gray, advisory committees of political groups would be formed in each of the four provinces.

Trustworthy sources said that the council would be a general advisory program.

"I do not accept that any party has the right to advise the government," said the labor leader.

# AUTO WORKERS LEAVE FOR WAR ON FORD PLANTS

## LEWIS IS SET ON ORGANIZING WAGE PIONEER

Fund of \$400,000 to Be Raised for War on Shops of Manufacturer

MILWAUKEE, Wis., Aug. 28.—The United Automobile Workers voted a member apiece to raise money to create a \$400,000 fund to be used for the campaign to organize 132,000 employees of the Ford Motor Company.

The action was taken shortly after John L. Lewis, chairman of the C.I.O., left the U.A.W. convention, "we are going to organize Ford workers." The vote touched off a three-minute demonstration.

The resolution provided for setting up Ford department and building up organization committees, house-to-house canvases, radio broadcasting, advertising, and "all moral and financial support of the international union."

CHALLENGES FORD  
Going to the U.A.W. embattled national convention in the role of provocateur, Lewis rallied his delegates by challenging Henry Ford, declaring for Labor's greater participation in United States national politics, and by calling William Green a "traitor."

The C.I.O. chairman was cheered loud and long when he said: "Henry Ford may believe his life is superior to the life of his employees, he may believe he is greater than the United Automobile Workers, but he is not greater in refusing to abide by the Wagner Act, but if he will believe these things he will become a very tired old man."

MILLIONS NOW  
Two million applause when he said "Labor is on the march and advancing."

The C.I.O. has organized the mass production industries and is determined to carry on recruitment of millions more of American workers who will use the union as a strength to make that a better country.

In an interview later, Lewis said this reference should be interpreted as indicating an intention to organize a national labor political party.

Lewis brought the convention to a halt shouting when he said: "God bless America and God bless Labor."

Like the American revolution, Lewis said, this country today is a mess. "We have a lot of green," Lewis thundered.

RESTORES PEACE  
The convention delegates fought among themselves on union policy and politics right up to the moment when Lewis' arrival. But they put aside their quarreling when he rode into the room and gave them a "homecoming" ovation.

Lewis ended the delegates they should not engage in an internal "political" contest and rivalry to the point where it might affect the integrity of the union.

Lewis endorsed all present U.A.W. officers, saying: "I'm for your officers because they have crowned themselves and your union with glory. I'm for the officers who led you through this enterprise of increasing the membership from 20,000 to about 400,000, deserve your commendation."

## DIVORCE LAST IMPROVEMENT SAYS BISHOP

Anglican Clergy From All Over Are Gathering in Halifax

HALIFAX, Aug. 28.—From the regular point of view, England's new divorce law were "undoubtedly an improvement," said Rt. Rev. A. W. P. Bishop, Bishop of Bradford, as he arrived here last night to attend the 14th general synod of the Church of England in Canada.

Drawing a distinction between that secular and the religious point of view, Dr. Blunt said that from the former standpoint, the old divorce laws were "ridiculous and scandalous, encouraging every vice."

The new laws, to some extent, will improve the situation from the secular point of view.

Commenting on present international relations, Dr. Blunt declared he was not a pacifist.

"Complete pacifism, to my mind, is not the way to meet the situation. All the church can do is to emphasize the stupidity of aggressive warfare and urge friendly contacts among nations. But the more we talk about peace, the less we seem to get it."

**SHOWS GOOD SENSE**  
The church is sometimes criticized for not making a definite pronouncement about the question of peace and war, but in my mind the church shows its good sense in not pronouncing on a problem so complicated and so difficult. After all, it is the most important thing facing the world today.

Dr. Blunt's general opinion, while in Halifax, he said, "one of withering to the use of religion in the modern world—the electric church is a changing world."

More than 100 clergy and laymen of the Church of England arrived in Halifax with the Bishop of Bradford. Remainder of the delegates, bringing the number up to 150, are to be here tomorrow from all parts of Canada.

## AUSTRALIA TO SHOW TIDY FUND SURPLUS

Old Age Pensions to Be Increased With No Boost in Taxes

CANBERRA, Aug. 28.—Commonwealth Treasury department today forecast a surplus of \$30,000,000 (Australia) \$10,000,000 for the fiscal year 1937-38.

It announced an increase of a "pension" of one shilling of old age pensions at a total cost of \$2,000,000 annually. The rate will rise from 19 shillings to 21 a week. No reduction in taxation was announced.

**REVENUES UP**  
Revenues were estimated at \$85,000,000 compared with \$82,900,000 in 1936-37.

Total provision for strengthening Australia's defenses was placed at \$1,531,000 by the treasurer in submitting his budget to House of Representatives.

He said the government considered "this provision 'furnishable but essential'." The navy will spend \$3,000,000; army \$2,264,000; force \$2,672,000; civil aviation \$140,000; and military \$1,028,000.

**BUY IN BRITAIN**  
Financial commitments of Great Britain on account of purchase of defense equipment, which will not be made in Australia would amount to about \$2,000,000 during the current year, he said.

"Australia now is enjoying a higher level of material prosperity than since the depression," Carey said. "A continued record of achievement and improvement in the economic sphere is to be found everywhere. Production has reached peak after peak; prices have improved; unemployment diminished; wages are higher; savings bank deposits reached record levels and overseas trade is remarkably improved."

Private finance was "regularly buoyant," he said. "Monetary conditions are easy and the government's policy has succeeded in restraining an unhealthy speculative increase in interest rates."

**They Also Truck In England But In A Nice Way**  
MONTREAL, Aug. 28.—Oh yes, "Trucks!" is the popular ditty in England, "but mind you, we do only a nice kind of trucking," we don't allow extremes," according to Miss Betty Lyons who sailed for England today on the liner Aquitania.

Miss Lyons should know, for she operates Hamilton's Palace De Luxe, New castle to Canada and the United States. "The new idea" but is going home disappointed and without new ideas, except that Canada and the United States have only two classes of motor cars.

Either you have to pay high prices to go to the proper, or to dance halls which Miss Lyons considers "cheerless, the same as the bus."

## Highlights and Low Downs

By ERNEST CONNER

Howdy folks!  
Dr. Royal Copeland depicted nearly a half column in an American paper to the subject of perspiration, its causes and principally, how to avoid it.  
But Doctor, a better way than you have propounded is merely to go on relief.

"A. H. Miss Sweeney" writes Chicago social editor, "with by parents at Genoa the night days with interestingly known diplomatic and statesmen."

AND IN THE "MUSIC COLUMN" IT TELLS OF JOHN BENNETT MOVIE, "THEY ARE DANCING IN NEW YORK NIGHT CLUB AND WHILE THEY DANCE THEY SING LIKE THE BEST OF THE SINGERS."

"THAT SHE IS NOT THE ONLY ONE WHO DANCES WITH DELICIOUSLY WONDERFUL SKILL."

National Federation of Professors, Women in Science Club in New York decided that a physical strain for modern women.  
Major, ladies, but who told you?

DAILY DOUBT: "The important thing about this traditional emergence of democratic government," writes Dorothy Thompson, "is N.Y. American, that it is absolutely indispensable with any form of personal or party dictatorship."

AND GONE, GONE ARE THE ROBUST DAYS WHEN A YOUNG COUPMAN COULD BE KICKED HIMSELF A WEEKS FREE DRINKS BY PUTTING THE SAME OLD BARBERS' BEZEL IN THE SOCIAL COLUMN.

These are the days when we used to refer to barbers' guilds as "the great men of the hair" and the general vice clerk at the Leyland Hotel.

And our bride used to look on us with pride when we added the chief of police to the "Chicago" name.

PIETY THAT WINDARD, RASK, FARMER, AND CO. HAVE AN ELEVATOR AGENT TO SAY HIS BROTHER WAS BRINGING IN HIS CRAP AND THAT HE WOULD BE SURE TO SEND THE SACK BACK.

And nowadays as soon as a Hollywood actor has achieved a few months' matrimony with his third wife, he is expected to go to Italy to stay happily married.

Famous Last Words: "I thought you told your husband was at Vancouver."

Premier Should Call Election Immediately  
Cabinet Aide Says  
That Premier Abbott would be well advised to call a general provincial election immediately in order to get an expression of opinion from the progressive element in the province before anti-popular elements are given time to disorganize and attack the present government was the contention, not forward by James McPheron, provincial organizer for the Communist Party of Canada in an address in Edmonton on Friday evening.

# Looking Them Over

Putting It Over

In 10 Years

The Secret

IN THESE hectic times when the favorite relaxation seems to consist of watching big business corporations in the vast blue, possible, the public is generally perplexed when some corporation comes along and actually is planning to do something "new" simply to help a good cause along.

One of the finest examples of generous sportsmanship is the way the Western Canada Swimming Club has planned swimming here in Western Canada. The provincial and interprovincial trophies that this club corporation has given are given to the winners of the various swimming events in the west and supply invaluable aid to several of little ways that are never heard of by the general public.

It is on this score that Wrigley, an outstanding swimmer himself, has been able to help anyone else. Company men have been in touch with officials of the various amateur swimming bodies in the west and supply invaluable aid to several of little ways that are never heard of by the general public.

This company has been known to get publicity from these little helps in as extended to western swimmers. It has never even heard a representative of the company mention anything he has done in this line, but from grateful swimming officials I have heard of plenty of instances. Here in Alberta, Bob Holman of the Wrigley Company has been a major pillar in swimming—doing everything he possibly can to help the sport. When you meet him, you will find him as friendly as a neighbor. When you meet him, you will find him as friendly as a neighbor. When you meet him, you will find him as friendly as a neighbor.

## 10 Years of Swimming Progress

SWIMMING has made tremendous progress in 10 years. During the last 10 years, swimming has made tremendous progress in 10 years. During the last 10 years, swimming has made tremendous progress in 10 years. During the last 10 years, swimming has made tremendous progress in 10 years.

In Edmonton's three outdoor pools we have one of the finest investments the city has ever made. No one knows how many children these pools have saved from drowning by keeping them away from the river. No one can even estimate the tremendous health benefits that have resulted from the pools, to say nothing of clean, wholesome recreation. There have often thought that the men of the men responsible for these pools—those who first sponsored them and the mayor and aldermen who put them through—should be set up in bronze plaques at each pool. They really did something for Edmonton.

It is a good idea to have a plaque at each pool. It is a good idea to have a plaque at each pool. It is a good idea to have a plaque at each pool. It is a good idea to have a plaque at each pool. It is a good idea to have a plaque at each pool.

Today the city is filled with hundreds of teen-age girls who think nothing of all swimming is but a matter of course. In question is how much swimming has made progress in 10 years.

## Jim Scratches Tin Ear And Sees Hope for Farr

NEW YORK, Aug. 25.—Jim Braddock, a fighter who always played the underdog role even when he was king, scratched his tin ear reflectively as he tried to offer encouragement to Tommy Farr, the bull-throated Welshman who isn't supposed to have a chance against Joe Louis.

Braddock, who is now a trainer, was seen at the fight. He was seen at the fight. He was seen at the fight. He was seen at the fight. He was seen at the fight.

# HOOPER RETAINS WRIGLEY TROPHY

## Captures Distance Swim for 3rd Year

SLIPPING through the water with a stroke as smooth as silk, Bobby Hooper of Vancouver won the Wrigley trophy, emblematic of the Western Canada men's mile swimming championship, for the third consecutive year when he set a new Alberta record for the distance in the South Side pool last night.

Hooper's time for the mile was 23 minutes, 17 and four-fifths seconds. He beat Norman Allish, king of the Alberta notators, by a full 45 seconds. Allish held the previous record for the mile in a 35-yard pool—24 minutes, 13 and three-fifths seconds. Hooper's time last night was 55.4 seconds better. However, Allish broke his own record last night, chopping it down 16 seconds.

The Vancouver star did himself plenty of good on the night, getting a tremendous kick-off in the water. It was on these ends that he piled up most of his advantage over Allish.

Swimming impressively and finishing only a few seconds behind Allish, Alastair MacDonald of the West End club made a gallant effort to compete with the polished Hooper and Allish.

**HAPPY VICTOR**  
George Vailo, brilliant young protégé of Coach Jim Crockett, of the South Side club, added more honors to his rapidly growing list when he won the junior boys' half mile championship in 11 minutes, 21 and four-fifths seconds. Harold Winkler and Charlie King of the West End placed second and third, respectively.

But last night's another promising race, in which a new champion was crowned with a start in the latter morning. The race was won by the South Side men, covered the distance in three minutes and 45 seconds. The winner was the South Side men, covered the distance in three minutes and 45 seconds. The winner was the South Side men, covered the distance in three minutes and 45 seconds.

## RASSLE ROUNDUP

By "RED" and "JOE"

BLISSFUL days, happy nights, that's the program for the "Rattle and Roll" . . . Why? It's really explained . . . "Joe," the better half of this squad, is on his holiday . . . Giving the jellies of the front line . . .

In such a hurry to catch the train, for one only goes up into such country every so often. "Joe" even jumped out from the strangle card got under way.

And he missed some real nut excitement for that. Tassos took the first fall, but a furious referee and gallantly making off the effects of two crashing back-breakers in Rupenthal won the second fall. Tassos appeared well on the way to victory in the third set-up. He roused his audience, partly as a matter of course, but he had a couple of back-breakers left, but his fight against the mark and went crashing into the ring. Tassos disappeared in the first wrestling in pain, but hardly did he know his fight was being looked upon by the referee. Rupenthal and his fight against the mark and went crashing into the ring.

Never looked at the past, but the future is bright. It is not the light and it claims it must be cracked.

## THIS CURIOUS WORLD

by *WILLIAM KERRICK*

### The EGRET.

KNOWN ALSO AS THE GREAT WHITE HERON, IS ONE OF AMERICA'S MOST BEAUTIFUL AND STAGGERING BIRDS, BUT ITS BEAUTY ALMOST CAUSED ITS EXTINCTION.

THE ONLY WAY TO SECURE THE AIGRETTES WAS TO SHOOT THE BIRDS, AND PLUME HUNTERS SLAUGHTERED THEM BY THE THOUSANDS WHILE THEY NESTED!

THE NESTLINGS, DEPRIVED OF THEIR PARENTS, WERE LEFT TO DIE IN THE NESTS. OLD AND YOUNG ALIKE PERISHED UNDER MAN'S GREED FOR GOLD.

LONG, WHITE PLUMES, KNOWN AS "AIGRETTES," ADORN THE BIRDS' BACKS DURING THE MATING AND NESTING SEASON, AND HIGH PRICES WERE PAID FOR THESE FEATHERS.

AT ONE TIME, THE LAKE SHORES OF THE SOUTH TEEMED WITH THOUSANDS OF THESE GRACEFUL, LONG-LEGGED CREATURES OF SNOWY WHITE.

TODAY THE NATIONAL ASSOCIATION OF AUDUBON SOCIETIES EMPLOYS GUARDS TO PROTECT THE FEW REMAINING COLONIES. TIME ALONE WILL TELL WHETHER OR NOT THE GREAT WHITE HERON WILL BE SAVED FOR FUTURE GENERATIONS.

## FRECKLES AND HIS FRIENDS

By Blosser

OSCAR, WHAT AM I GOING TO DO WITH YOU? LOOK AT THIS MESS!

IF I EVER GET MY IDEA PERFECTED, IT'LL BE A HONEY! I'M TRYING TO FIGURE A WAY TO SCRAMBLE EGGS IN A CLOTHES WRINGER!

AND WHAT INSPIRED THIS, MAY I ASK?

I TRIED TO RIG IT UP AS AN AUTO-GYRO PROPELLER FOR MY BIKE, BUT IT DIDN'T WORK!

JUST FOR THAT, YOUR MOTHER AND I WILL GO TO THE MOVIES ALONE TONIGHT!

AND WHAT CAN I DO?

YOU CAN GO TO YOUR ROOM WITH A BOOK! THERE ARE PLENTY OF BOOKS IN MY BOOKCASE! PICK ONE OUT AND SPEND A QUIET EVENING AT HOME!

LATER

THAT'S STRANGE! THERE'S A HOLE IN THE GLASS IN THIS DOOR! I NEVER NOTICED THAT BEFORE!!

IT WASN'T THERE WHEN WE LEFT!

LOOK AT ALL THESE HOLES! THEY'RE ABOUT THE SAME SIZE! NOW WHAT IN HEAVEN'S NAME MADE THEM?

IT MUST HAVE BEEN A POINTED OBJECT OF SOME KIND!

OSCAR WAS RESPONSIBLE, NO DOUBT! GOODNESS! BUT I THOUGHT YOU TOLD HIM TO TAKE A BOOK FROM YOUR BOOKSHELF AND GO TO HIS ROOM!

THAT'S PROBABLY WHAT HE DID DO! I'LL LOOK THEM OVER AND SEE WHAT'S MISSING!

HE MIGHT HAVE SELECTED 'PIGMEAT'S PROGRESS'... 'DAVID COPPERFIELD'... OR EVEN 'TOM SAWYER'... BUT NO, HE PICKED OUT 'LIVES OF A BEGAL LANCER'!
